Roy Bates Speaks Out On Closing Of Whitney Trail

The Dept of Lands and Forest has confirmed the report that the section of Tower Transmission Line crossing the Township of Clyde, a part of Algonquin Park has been closed to snowmobiles. A spokesman for the Department said at the County Snowmobile Association meeting in Minden last week, that his office has received instructions to so post it. This will cut off a favorite route of many area snowmobilers who have made of the tower line a winter highway to Whitney. It will affect the economy of that town more than a little, for 'trippers' do spend money there.

Don't blame Ontario Hydro. They have had no part in closing the line. Blame the Parks Advisory Committee, who have listened too well to conservationists and the pleas of city people who are afraid we might scare the wolf.

So we have lost our trail to Whitney. We'll find another, much longer of course, but perhaps more interesting. The important thing is not the closing

of one trail. It is that snowmobilers must recognize the fact that they are being pushed around. There are lobbyists at Queens Park every day trying to ban the snowmobile from this place or that or to get rid of it altogether. They succeed because they get listened to. They get listened to because their strongest argument is the high accident rate among snowmobilers. If we were less prone to making the headlines we would not be up against the tough opposition we are facing today.

Lloyd Woods, an executive member of the Ontario Federation of Snowmobile Clubs, speaking to the HCSA in Minden, indicated two ways in which we can effectively fight the haters of snowmobiles. First, make no more bad news. Learn to drive safely with complete control. Stop taking chances on thin ice or driving recklessly over unfamiliar terrain. Snowplowed roads are deadly, particularly at night when it is too easy to overdrive our headlights. The

law says you should drive close to the right hand shoulder, and unfortunately the law also says that cars should park there too. Most fatalities were from collision with parked cars. Don't you hit one. Stay off the National news.

Secondly, because there is strength in numbers, join a snowmobile organization. There are several to choose from. You will probably get more enjoyment from your money and your machine by joining a club. You'll enjoy many social activities, both on and off the trail. Most clubs are now making an effort to groom their trails, and the more support they can get in numbers the better job they can do.

In some cases club membership also includes membership in the Haliburton County Snowmobile Association or the OFSC or both. Check with the club of your choice and if it is not affiliated with these organizations urge that it do so at once. Make your voice heard in Queens Park. Help to make snowmobiles good news.

They are good news to the folks in Port Sydney. Mr. Ross Clarke, President of the Hill and Gully Riders, and Bill Clarke a resort operator there, told us at the Minden meeting of the great success the club has had in bringing winter visitors to the area, and the tremendous impact this had on the economy. Starting with five or six snowmobilers interested only in getting more fun out of their machines, the Hill and Gully Riders went on to initiating snowmobile rallies and later their spectacular winter carnival.

(Continued on page 7)

TED CAMPBELL ELECTED CHAIRMAN OF CO-ORDINATING COUNCIL

The Co-ordinating Council met in Lindsay on Tuesday Nov. 16 for a five hour meeting to discuss ways and means of improving its working relationship with the Regions it serves. They are Haliburton, the Kawarthas, Great Pine Ridge Hastings County, Land O Lakes and the Quinte areas. In total area covered is approximately 16,000 square miles of Ontario. The purpose of this Council is :To encourage and co-ordinate the development and promotion of tourism within Central Ontario. :To represent to government the views of member regional tourist councils and the hospitality industry. :To encourage and assist man-made attractions such as museums, Indian Villages, Trading Posts, historical sites, boat cruises etc.

To co-operate in the development of co-ordinated marketing plans for the travel industry in Central Ontario. :To co-operate with other co-ordinating councils and Development Councils in Ontario on matters pertaining to travel and recreation.

Mr Ted Campbell was elected chairman of the Council. Mr.

Campbell is Secretary Mgr. of the Haliburtons' Chamber of Commerce. Members of the executive committee are Mr. Lloyd Monteith, President of the Kawartha Tourist Association and Mr. George Coling Vice President of the Great Pine Ridge Association.

LIBERAL ASSOCIATION TO HOLD ANNUAL MEETING

Announcement of the Victory-Haliburton Liberal Association's Annual meeting was made today by James Flynn, riding President. The Association Executive meeting on November 11, finalized details for the meeting. It will be held November 27, 1971, at the Lindsay Golf and Country Club. The agenda will be: Election Review Workshop, 2:00 p.m.; Executive Reports and election of Officers, Dinner and Guest Speaker, 6:00 p.m.

The President commented that the Election Review Workshop will fulfill a promise made October 21, to give all association members an opportunity to comment on how the election was conducted.

FIRST STAKE IS DRIVEN

On Thursday of last week the gentlemen pictured above, from left to right, Norm Harrison, Roy Windover, Richard Parisotto, Robert Beeney marked out the site of Minden's new Community Centre so that soil testing could be done. The site of the new centre is located in Minden's Recreational area at the Fair grounds, cost of the structure will be \$240,000, of which \$65,000 has been raised over the last eight months by means of a drive.

DANCE THIS SATURDAY AT KINSMEN CENTRE

The Minden Figure Skating Club are looking forward to sponsor their Figure Eight Hop this Saturday Night at the Kin Centre. Tickets are only \$5.00 a couple and can be bought from any member or pay at the door. Everyone welcome. Music to suit everyone's taste young and old alike.

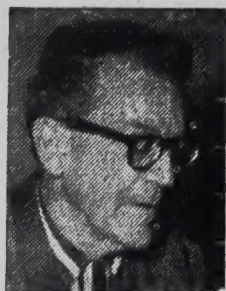

800 ACRES WITH HOUSE

This acreage is very suitable for a hunt and snowmobile club. Beaver creek flows through property for speckled trout fishing. The house, cabin and large barn are in good condition, it also borders on crown land for more privacy. An excellent investment at \$57,500 Terms.

NEAR KINMOUNT

100 wooded acres, some good timber on this one, with beaver pond and 1320 ft frontage on 121 highway. A nice hunting or retreat property. Asking \$11,000.

HERE AND THERE with Fenwick Finch

The Minden Centennial Committee is no more. November the 18th a motion by Floyd Hall and seconded by Wynn Lahay and accepted by the Chairman, Norm. Maidens wound up it's activities.

This is the motion — "That the Centennial Committee, organized for Minden Centennial 1959, be dissolved effective this date and the remaining bank account be turned over to the Hyland Crest Senior Citizen's Home for the establishment of a historical cabinet to be on public display. It is suggested that a small brass plaque be affixed signifying the sponsorship of the Minden Centennial Committee."

This case will be built by Syd Brown and will occupy the wall just to the right of the main entrance and visitor's lounge. The idea suggested by Mrs. Glen Hodgson of Haliburton is a worthwhile one and this case should be of interest to everyone.

The public is asked for their co-operation to fill it with historical items fitted to the community. Any artifacts you might wish to loan or donate please contact either Mrs. Elsie Bursey or Mr. Syd Brown — any assistance you can give them will help this much-needed community project.

Also on sale will be a few Minden Centennial Booklets — there aren't many left and they are now collector's items. The price of a buck a piece is a moderate one.

Any ideas you might have regarding this cabinet will be passed on to the Senior Citizens if you care to get in touch with me.

Once more, this is your project — we've been waiting since 1959 for such a deal — let's make Mrs. Hodgson's suggestion a successful one.

* * * *

Our good friend George Lairdlaw is now in Scott's Nursing Home, 23 Russell St. West in Lindsay — drop him a card to let him know we remember him and his community spirit in helping our children's shows with his great magic acts — George never let us down, a little effort on his behalf would cheer him up.

* * * *

Re-incarnation is going to be held over for another week — I've got so much stuff on my desk I don't have the space available. Incidentally, if you readers have any ideas on reincarnation — drop me a line and I'll work it into the article.

* * * *

As a relaxer I'm trying my hand at bowling on Sunday afternoons — just easy like so's I don't over do it.

I see by the bulletin board that Reg Burke has the high single, some 359 pins and the high triple, some 900 pins plus.

Now, I'm a 300 pin myself — I take three games however, where Reg gets his in one game. I'm what is known as a "consistent" bowler, "lousy" I may be — but I'm consistent.

I'm not considering entering the Carling Trophy race yet but, who knows, once I raise my average above the 100 mark I may feel up to it.

* * * *

I understand arrangements have been made for open surface ice for the Winter Carnival — they will be at the Fair Grounds — keep in touch with Gerry Haywood he'll have all the up-to-date information.

Another week gone by — drive carefully so's you can get through the Christmas holidays and be in shape to enjoy the Winter Carnival — remember you make a mistake and it kills you, you're no good to us or anyone else. So, please, drive carefully — get "stiff" during the Holidays but, NOT, the permanent "Stiff."

HUSKIES SLIP TO SECOND PLACE AFTER WEEKEND GAMES

The Haliburton Huskies have slipped into second place in the league standing after a weekend split in games. The Huskies who performed before a crowd of 460 fans at the local arena entertained everyone with a very fast and well played game. The Flyers who were short their regular goalie due to injuries and a couple of other players did well to hold the Huskies to only 1 goal in the first period. The Huskies outshot the Flyers 17 to 11 and Paul Dawson playing his first game in a Husky uniform was the only player who was able to score. Bill Leary earned an assist on Dawson's goal from the point. The Huskies broke the game open at the 55 second mark of the second period, when Bob Woodcock who was moved to the forward line connected on his first of 3 goals. Leigh Bull, Bill Leary and Woodcock again tallied in that order as the Huskies took a commanding lead. Dennis Good played very well in the Husky net and stopped several shots that were labelled for sure goals. Bob Woodcock notched his 3rd of the game at the 4:30 mark of the third period. Woodcock was moved up to the forward lines to increase the scoring punch and was certainly effective as he controlled the play while on the ice. Gerry McElwain who also played an effective game scored at 13:26 to give the Huskies a 7 to 0 lead. Bev Hicks and Jeff Campbell finished up the scoring as Dennis Good managed his first shutout of the season. Although the Huskies out shot the Flyers 53 to 19 Dennis had to come up with some excel-

lent saves to preserve his shutout.

The Lakefield Club moved into first place in the league as they downed the Huskies in Havelock on Sunday night to the tune of 5 to 3. The Huskies played a very poor game and as a result lost a chance to stay at the top of the standings. The ice was very poor and it was difficult for the players to set up any passing plays as the puck was bouncing very badly. John Parrish and Leigh Bull sat out the game due to injuries suffered in Sat. game. The Lakefield club scored the opening goal at the 12:19 mark as Larry Kent playing his first game in the Husky net miscued on a passout and deflected a shot into the net. Jamie Carroll tied the score on a shot from the point 4 minutes later. The Huskies were outshot 11 to 7 in the first 20 minutes. Lakefield

went ahead at the 13 min. mark the second period and the score stayed the same until the 33 second mark of the third, as Gerry McElwain scored the equalizer. It appeared that the Huskies would pull ahead as Rick Wood scored the go ahead goal at the 5:18 mark only to have Lakefield score the tying goal. The Huskies became a little loose in clearing in their own end and Lakefield took advantage of this. Hermitte scored 2 goals to ensure the win.

The Huskies will take on Cannington this Friday night in an away game and then the same Cannington club will be back in Haliburton Sat. night. The Huskies are in second place for the first time in 2 years and they are determined to get back on the top. The fans are coming out in good numbers and are being treated to some good hockey.

HALIBURTON COUNTY SOCIAL PLANNING COUNCIL HELD REGULAR MEETING

The regular meeting of the Haliburton County Social Planning Council was held on Wednesday, October 27th at the Highland Crest Senior Citizen's Home in Minden.

Following refreshments, graciously provided by Mrs. Elsie Bursey, Administrator, and her staff, we were given a complete tour of the Home, viewing the facilities offered and having an opportunity to meet some of the residents. We are indeed grateful to Mrs. Bursey for her hospitality.

It was moved by Mr. Norman Cooper, seconded by Mrs. Peggy Neville, that the proposed Statement of Purpose and name for this committee as presented by the Steering Committee, be accepted. Carried.

Mr. Andrew Hutchison was appointed to act as liaison with the press.

Mr. Hutchison reported on the meeting held between this Council's Committee and representatives of the Retarded Children's Association regarding the Sheltered Workshop at Tory Hill. The Association now

feels that it will be able to continue to operate for the next six months, as they have the proceeds coming from the annual dance as well as some work that they are doing for a local resident.

It is possible that a grant of \$25.00 per student per month can be obtained, provided the school meets specific standards, with regard to equipment. Mr. Gerald Dawson has been contacted in this regard. Also, Mr. Hutchison will arrange to meet with the Director of Workshops, Ontario Rehabilitation Foundation, to see if any help is possible from this source.

During the open discussion following, Mrs. Miller stated that the public concern shown for the workshop, along with orders for Christmas wreaths, and other work being done, has greatly boosted the moral of both staff and students.

Since the Department of Education has increased the age of students eligible for the Retarded Children's School from 18 to 21 it is possible that some arrangements could be made with the school board to help with the children now at the Workshop who are under 21. This of course, is subject to

joint meetings with the school board and the Retarded Children's Association and much ground work would have to be done before any decision in this regard could be made.

The Haliburton County Board of Education now provides transportation for all of the Haliburton children going to the Workshop. However, there is one child from Hastings whose transportation is not being provided. It is hoped that some arrangement can be reached with the Hastings County Board, in this regard.

Following discussion, it was left that the Advisory Committee for Retarded Children of the Haliburton County Board of Education would meet with the Retarded Children's Association during the month of November.

TENDERS

Sealed tenders will be received by the undersigned until December 13, 1971. For No. 2 grade oil for the year 1972. For all the elementary and secondary schools in the County of Haliburton.

Further information about the location of the schools can be obtained from the board office.

Oil preferred to be delivered out of school hours for safety reasons, and must be on an automatic delivery policy. Metored slips must be attached to invoices and sent to the board office for payment.

The lowest or any tender will not necessarily be accepted.

Please mark oil tender on envelope. Address tender to the:

ABOUT PEOPLE AND THINGS.

Here we are back with our gossip column of 'people and things'. Although we have been called the "Flash" before, this little bit of chatter would have a hard time making the pages of a movie

magazine, for it lacks spice — but for Minden I think we are usually in line, after all one can't print everything he knows, for it might be old hat to most.

It was great to see **NORM HARRISON, BOB BEENEY, ROY WINDOVER** and **RICHARD PARISOTTO**, staking out the site of the new Community Centre, for soil testing last week. It has been a long grind, raising money and making plans for this Centre, I know after six years I am almost tired of writing about it, but it will soon be a reality. The latter of these gentlemen is President of Minor Hockey here, he has certainly had his ups and downs so far, but has managed to keep everything running reasonably smooth. Talking to **HARRY COWEN** over the week end, he tells me the White fish are starting to run, but from his report, they don't seem to be as plentiful as last fall. **GUY GODON**, Minden's skating Pro is taking **KELLY BEENEY** and **KELLY GREIR** to Ottawa, December 9th to 12th to compete in the Eastern Ontario Sectionals Competitions. While with Figure skating, **DIANE BOOTH**, Chairman of the 'Figure 8 Hop' tells us she has a few more tickets left for the fund raising dance this Saturday night at the Kinsmen Centre — make it a point to take in this dance. **PAT CAMPBELL**, who runs Minden's only Florist held a very successful Open House last week, displaying many of her own creations and designs for Christmas. **BLAIR BAILEY** is still looking for members to join the curling club, for the winters activities, I believe **DON HALL** is also on the membership committee, so if your interested, give these chaps a call. **SID STAMP** and **ELGIN STOFFER** are now in their new homes on the North River road here in Minden — also in their new homes are **RON BUCHANAN** and **ALBERT HASKILL**, the Haskills are from Toronto, and intend to live here permanently, although they are not complete strangers, we would like to welcome them to the community. How about that Sports Column? I think **CLIFF BURKE** is doing an excellent job with his comments on Sport for the Progress. After reading about my great feats at duck shooting, **EARL PALMER, ALEX ROBERTSON** and **BILL CUNNINGHAM** decided to try their hand at the sport. Earl and Alex proved good shots with their bag limits but I am afraid Bill falls into my category as one who likes to give the birds the advantage. **TED CAMPBELL** has hit the news once again when he was elected Chairman of the Coordinating Council for Central Ontario. Ted is the Secretary-Manager of the Haliburton Chamber of Commerce. Sad news was received this week when we learned that **ROY BISHOP** our "Mr. Walkathon" was picking up stakes and moving back to his birth place on the East coast. A real interesting speaker at Rotary last week was **REV. WES OAKE**, he talked about his recent trip behind the Iron Curtain. Wes tells us he has a fine arrangement of slides, could be a good program for Rotary later, or other organizations as well. Never one to be out-done by those moving into new homes, this writer has been busy this fall improving his ultra-modern home on the Gull River — no that dirty brown colour is not the undercoat! Being a late starter this fall I will have to complete my decorating in the spring. I have many more great ideas for an unusual trim colour?

THE GIFT OF LIFE -- BLOOD

The holiday season has always been a time of gift giving, good will and merrymaking. On December 25 the Romans celebrated the winter solstice: that time after the dark days of winter when the sun began to shine for a longer time each day. The ancient Teutonic peoples observed the great mid-winter festival of Yule with traditional feasts and new year rites.

Then as now, work and business were suspended for a time. Streets became full of people moving with a holiday spirit. Cries of season's greetings could be heard everywhere, and gifts of all sorts were exchanged.

Today for young and old alike the custom of exchanging gifts is one of the highpoints of the holiday season. Gifts of all sorts, sizes and shapes have become symbols of our affection for one another. Everyone seems to share in the fun of giving.

But there is one gift that is sometimes overlooked during the holiday season that can mean the difference between life and death for someone in need: the gift of life -- blood.

For some people this holiday season will be a time when they will need blood desperately. Only with your help will they receive the blood they need. They may never know who you are or why you decided to give your blood, but your gift of life will be a Christmas present they will never forget.

Remember to give your blood through the Red Cross during this holiday season. There's no better way of sharing the holiday spirit than by keeping someone alive through your gift of blood.

If your gift of blood can mean the difference between a Merry Christmas and no Christmas at all for someone in need, why not give? Blood is a gift that's really in us all to give.

Argonauts in Grey Cup

The Toronto Argonauts tied the Hamilton Tiger Cats 17 - 17 and won a berth in this years Grey Cup with a 40 - 25 winning aggregate. This will be the Argos first appearance in nineteen years in the Grey Cup.

Although the Argos have been in the Grey Cup game ten previous times and won each time, this years game will be a real tough go for the Argos. The Calgary Stampeders are their western opponents and are equally as strong as the Argos. I pick the Argos to win this years Cup 28 - 26.

MINOR HOCKEY —

Beaverton Novice 5 Minden 3

The Minden Novice team travelled to Beaverton on Friday and tasted their first defeat of the season at the hands of the Beaverton team 5 - 3. From all reports the score did not indicate the play, for Minden out-played and out-shot the Beaverton club, but couldn't put the puck in the net. Brian Shaw scored twice for Minden with a single tally going to Paul McKenzie.

Next home game for the Novice will be this coming Sunday, in Haliburton against Oakwood.

Haliburton Midgets 5 Minden 1

The Minden Midgets put up a rather poor showing on Sunday in dropping a 5 - 1 decision to the Haliburton Midgets in their first league game of the season. Without making excuses for the Minden team I was told that the officiating was very one sided in this game and had more than a little to do with the out come of this game.

Kirk Hewitt scored the lone goal for Minden.

I would appreciate the Minor Hockey coaches turning in their results to me after each game. I am interested in giving each team equal space in the column.

SHUFFLEBOARD —

This weeks winners of the Dominion tournament were Wilf Ackerblade and Bud Anderson. Leaders too date are Wilf Ackerblade and Jack House with 11 points and Bud Anderson and Hugh Austen with 8.

BOWLING —

Standings	Points
1 C. G. L.	38
2 Modern Electric	36
3 Miles Road Runners	28
4 Swanns Electric	28
5 Haliburton Highballers	27
6 Cox's Colts	20
High single Reg Burk 359; High triple Reg Burk 912;	
High Average Bob Austin 248.	

BASKETBALL —

On Tuesday, November 30th at 7:30 p.m. in the Haliburton gymnasium, the Minden No-Stars will be playing their first game of the season against the Fenelon Falls O.P.P. Detachment. Anyone interested in watching the game is welcome, there is no admission charge.

PREDICTIONS OF THE WEEK —

Wednesday, Chicago 4 Montreal 2; Pittsburgh 5 Toronto 1. Saturday, Montreal 5 Pittsburgh 2; Toronto 2 Chicago 1.

NOTICE

Sunday, November 28th., 1971 Laymans Service will be held in Minden United Church at 11 a.m.

Doctor Nelles Silverthorne, Chief consultant pediatrician in the Hospital for Sick Children in Toronto will be the guest speaker.

Our men will be singing in the choir. Also a male quartet.

THE NATION'S BUSINESS

by William Scott M.P.

There are signs that a major confrontation is shaping up in the house of commons over the government's controversial omnibus tax reform bill, now undergoing clause by clause debate in a marathon session of the committee of the whole house. Virtually every clause has come under fire from the opposition parties, and, in recent days, even some government members have added their voices to the chorus of dissent.

The clause, that proved to be too much for even the government members to accept, was one concerning new and more severe penalties for tax payers who either purposely or inadvertently make mistakes on their tax returns. Some members who have previously supported government policy, either openly or by silence, now apparently feel that they are expected to abrogate their responsibility to their constituents.

Under the proposed new regulations, taxpayers can be penalized twice, or even three times, for errors on their tax returns, and the basic penalty rates have been increased. The penalty scale is much too complex to explain in a few words, but, it is possible for a taxpayer who makes a mistake in calculation to pay up to \$15,000 in fines and penalties where his tax was only \$5,000, and, a delinquent taxpayer can be assessed \$25 per day in penalties for every day he is late in filling a return, or if his return should become lost.

Opposition to this clause has been so great that it has been set aside for future debate, but the implications in this clause are so great and so alarming that the subject should be kept alive even as the clause itself is in abeyance. Pressure should be applied to the government from all quarters to ensure that this clause is not allowed to pass without very considerable alteration.

In spite of the size of this bill, some 707 pages, and the fact that it is encountering massive opposition, Finance Minister Benson said as recently as a few days ago that it would become law by the first of January next year. At the present rate of debate, and we could not do it any other way if the public is to be fully protected, then this bill could not become law before January 1st, 1973, unless the government plans to use closure to shut off legitimate debate.

The government should not have attempted such a sweeping overhaul of tax legislation unless it was prepared to allow several months to a year for full and proper debate. Instead it should have proposed a few simple amendments to present tax laws to extend tax relief to the elderly, the underemployed, and other disadvantaged per-

sons across the country. Such amendments would have received the immediate and enthusiastic support of the opposition parties, and the changes would have already been in effect. The present government's tactic of putting a few beneficial provisions in otherwise bad legislation as 'sweeteners' has been overdone, and it is time we returned to a more orthodox and acceptable procedure in the house.

The reasoning behind the new and repressive penalty provisions in the tax reform bill is now quite clear to most members in the house, and it is great cause for alarm. The new regulations would be so restrictive and repressive that there is a very real danger that Canada will be turned into a nation of tax cheats. There might come a time when Canadians will feel that they have a moral right to cheat their government because the government does not have a genuine interest in their welfare. If we get to the state where Canadians will feel that they have to cheat in order

to keep a reasonable portion of their earnings, then we might as well throw in the towel.

When a government passes laws so severe and so repressive that the citizens lose all respect for law, that government is inviting anarchy. There is every reason to believe that the draughtsmen of the tax reform bill were apprehensive of its effects on public morale, and so they wrote in a penalty provision that was calculated to deter people from cheating, or even making honest mistakes.

This is negative thinking, and it runs against the very principles on which our government and our society were founded. Tax reform is not even a high priority item on the House of Commons agenda, or it shouldn't be if our government is truly interested in the welfare of Canadians. The priorities facing parliament today are unemployment, the state of the national economy, and international relations, especially where they relate to trade. Tax reform comes low on the list, and the present tax reform bill should be set aside until some of our major problems have been resolved.

HUNDREDS OF DOLLARS IN OTHER PRIZES

DOLLARS AND GOOD SENSE

by William J. Martin

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London Ontario, Canada. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Dear Mr. Martin:

We've been looking at new home ads and it seems that all say VA, FHA or conventional mortgages are available. Could you explain the difference between these?

G. B.

Dear G. B.:

This question applies to U.S. home loans, but I think the answer is of interest to Canadian readers as well. The VA and FHA loans involve some government backing while the other is a simple contract between you and the lender.

The average conventional loan runs 20 to 30 years and the interest rate is determined by current conditions in the money market, at this time they are running from 7 - 8 percent generally.

With this loan there is nothing to secure the funds lent except the property itself. Because of this, most lenders will require a fairly substantial down payment.

With an FHA mortgage, the U.S. Federal Housing Administration insures the loan. This security allows lenders to give borrowers a larger loan which means a smaller down payment.

You can currently borrow 98 per cent of the first \$15,000 of appraised value of an approved house, 90 per cent of the next \$10,000 and 80 per cent of the next \$33,000. Interest at the present time is 7 per cent to which you will have to add 5 per cent for the insurance premium.

Like VA loans, FHA mortgage interest is not determined by market conditions, but by the Department of Housing and Urban Development. Because the rate is usually lower than the prevailing conventional rate, a "point" system is used to

make the transaction more attractive to lenders.

FHA rules state that borrowers can not be charged points, so they are passed on to the seller as a lump-sum payment.

VA loans can be obtained only by qualified veterans or their widows with interest set the same as for FHA loans. The VA loan, however, is guaranteed and not insured by the government.

This permits no-down payment loans for as long as 30 years but never for more than the VA appraisal of a house's current market value or longer than the VA estimate.

LAKE TROUT SPAWNING STUDY

by R.W. Lewies, Fisheries Biologist, Lindsay

In 1968 the Lindsay District Fish and Wildlife staff began a study to determine the effects of fluctuating water levels on spawning lake trout in the reservoir lakes of the Trent Canal System. Preliminary investigations are being carried out on Redstone Lake in Haliburton County.

The study period is in the fall of the year from approximately the first of September to mid November. To date shoreline characteristics have been mapped to determine areas suitable for trout spawning. These areas were then studied to find out which of these areas were utilized to the greatest extent.

This year 39 screen baskets measuring 2½ x 2½ x 4 inches, were inserted in the gravel and rock of what is now considered to be one of the primary spawning locations on the lake. At the time the screens were put in place the water depth at the D. O. T. staff gauge was approximately 5.2 feet and depth of water over the screens was from 1½ feet to 12 feet (approximately).

Night observations are being carried out in an effort to determine initiation, peak and cessation of spawning. At the same time water temperatures are being monitored to determine any correlation between water temperature and spawning. Spawning had been initiated mid October this year as evidenced by spawning behaviour displays by the lake trout and by examination of a number of bullheads taken from the shoal. Lake trout eggs appeared in the stomachs of bullheads examined. No lake trout eggs have been found in the suckers which also frequent the spawning areas.

On October 29th it was decided to examine some of the screens to see (1) if the lake trout were depositing eggs in the baskets (2) to see what sort of condition the eggs were in

TRAIL TO WHITNEY CLOSED

(Continued from page 1)

Club membership now doubles the entire population of the village. Their expenditures last year, mostly on trail work, totalled more than ten thousand dollars. They had twenty-five hundred left over to start this season. Tourist operators report their January-February revenue is up to 75 percent of what they make in July and August. Every available room is now booked solid for every weekend from Christmas to March. Service stations, restaurants, tradesmen, all are benefitting from the increased winter business.

Another guest speaker was Ross Wiegand, Executive Secretary of the Kawartha Lakes Tourist Association, who told a similar story. When his Association organized the Kawartha Cup Races they sparked a winter activity that was entirely unforeseen. Last year the races attracted 55,000 visitors who left an estimated half million dollars in the community. Tourist operators are staying open in the winter and doing a good business. A number of snowmobile parks are operated commercially and doing well. The Dept. of Lands and Forests has opened new trails in the Crown lands of the Northern townships of Peterborough and people are travelling many

miles to enjoy them.

In Haliburton the majority of our lodges still close by the end of September. Restaurants lay off their summer help or close for the winter. We have not had, up to now, the foresight nor the organization to realize the full potential of the snowmobile business. We are three to five years behind the Kawarthas and Muskoka, but the Haliburton County Snowmobile Association is determined that we shall not stay behind. If snowmobile operators will stand up and be counted, instead of allowing their sport to be legislated out of existence, we can put the Highlands of Haliburton on the map as one of the best winter playgrounds in North America.

Curling

Open House

EVERYONE WELCOME

THURSDAY, DECEMBER 2ND

Everyone is invited to attend the Minden Curling Club on December 2nd, for an evening of fun.

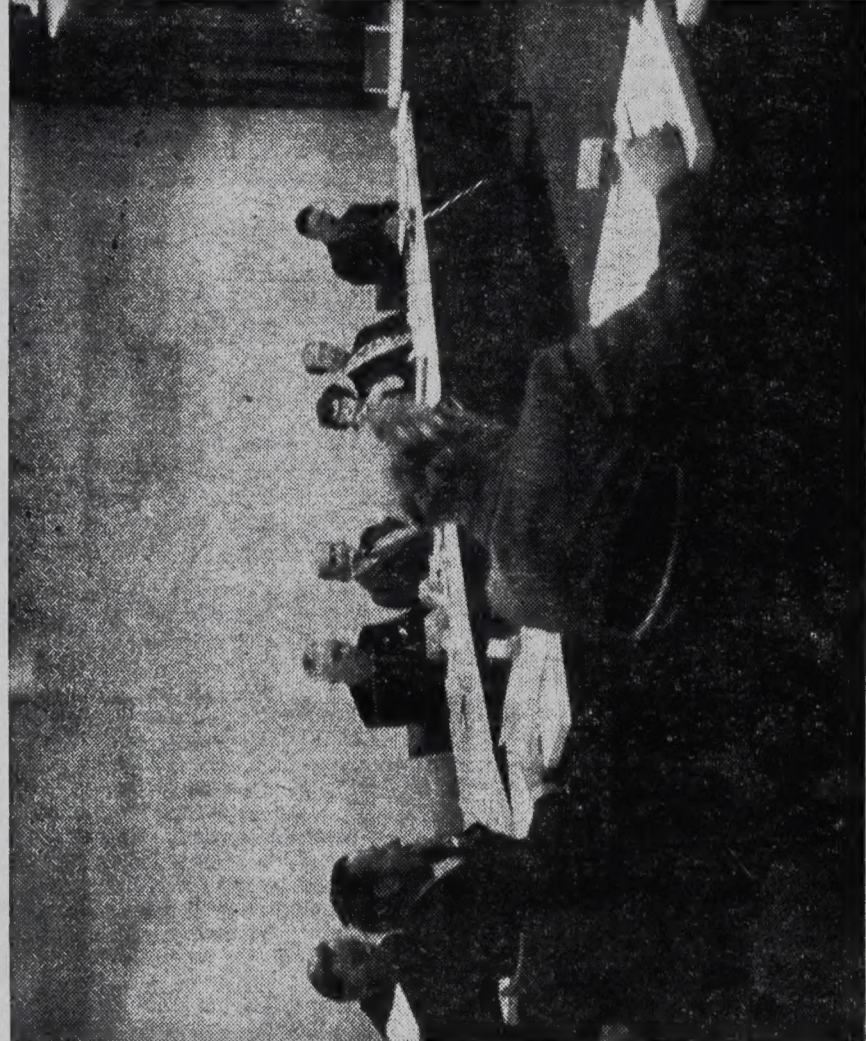

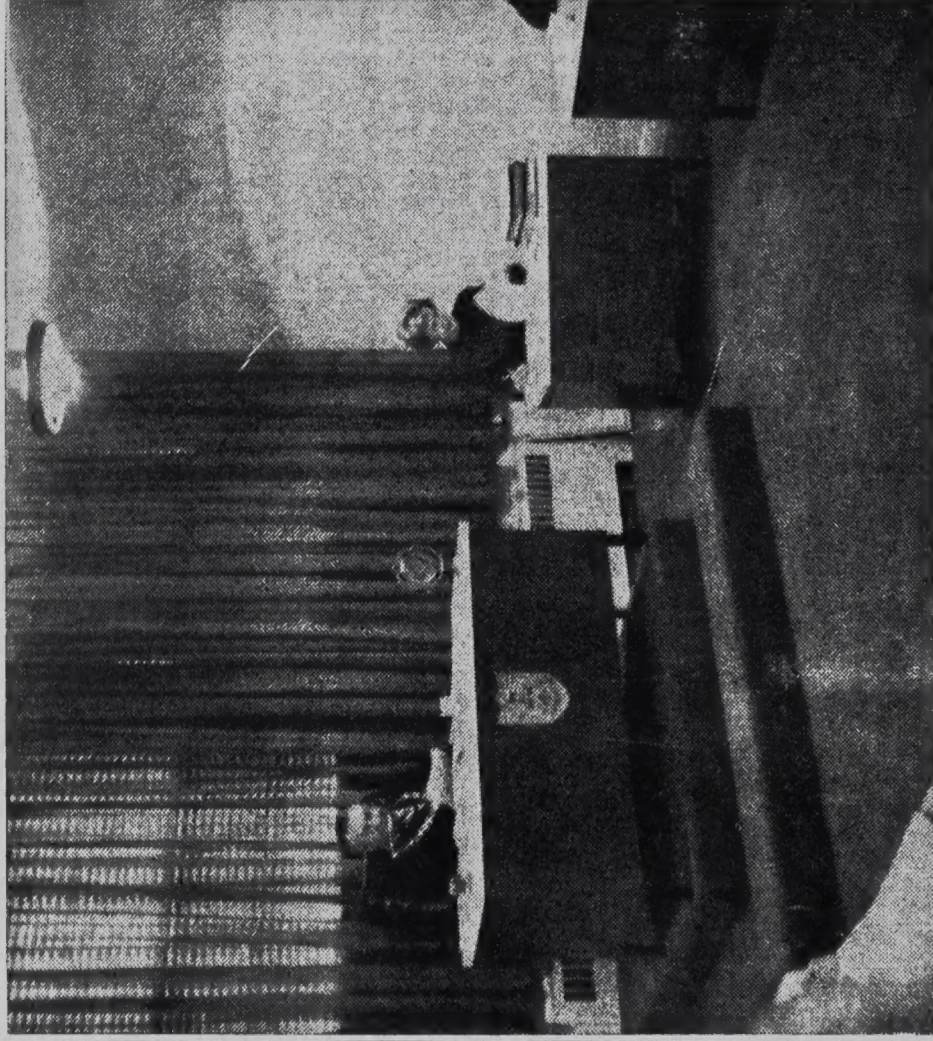

This will be an opportunity for new members to meet old members and plan strategy for the coming season. You will also be able to throw a few rocks and limber up the old muscles.

We have made arrangements to borrow a couple of movies for your curling interest. Hopefully one of these films will be on the 1971 Brier. Herb Gill is making arrangements for the Bar. We plan to have qualified instructors on hand.

We hope you will attend and bring any friends who may be potential curlers. Starting at 8 p.m.

Ladies afternoon curling begins Wednesday afternoon December 1st 1 p.m. New members welcome.

See You On December 2nd at 8 p.m.

COUNTY COUNCIL IN NOVEMBER SESSION

The top photo shows the Ward-en of the County of Haliburton, Roy Windover as he conducts the November session of County Council, Wynn Lahay, the new Clerk-Treasurer is pictured on the right.

The other two pictures show members of council during their meeting. Members are Charles Brandon, Perry Howarth, M. MacGillivray, Roy Brohm, H. Sisson, Mrs. Victoria Agnew, R. Fotheringham, Robert Beene, Lloyd Walker, Gary Agnew, Art Lock, D. Russell, Robert Vick, S. G. Nesbitt, James Elder.

These photos show the new Council Chambers, which are located in Minden, once used as the old Court room and O.P.P. offices. These new quarters are a compliment to the County of Haliburton.

there's more to boaski—

It's easy enough to tell: all-new aero-dynamic design. New handy compartment under the seat! New Salsbury automatic drives! Gas-tank cap with gauge! Exclusive 3-quart reserve fuel tank. Little things that mean a lot. Best reason of all is: the people who build Boa Ski are few in number and long on expert craftsmanship and they're out to prove that Boa Ski is a better buy . . . and you better believe it!

You can be sure with boaski

CHRISTMAS SEALS

In this age of bigger and better computers, sometimes a human gesture takes on a very special meaning. One such gesture is using Christmas Seals. Each seal placed on a holiday card to gift package — means a little extra thrust in the year-round fight for better health.

Christmas Seals are more than just a pretty holiday decoration, they're behind the 365 day-a-year fight against the breath-robbering disease emphysema, Tuberculosis and Chronic Bronchitis. So in this modern world of dazzling machines of all sorts and descriptions — remember man's fight against disease. Help make Emphysema, Tuberculosis and other respiratory diseases a thing of the past.

Use Christmas Seals generously on all your holiday mail. Answer your Christmas Seal letter today. Your Tuberculosis and Respiratory Disease Association considers it a matter of life and breath.

KAWARTHA GULL LAKE ASSOCIATION HOLDS ANNUAL MEETING

The Noshery Penthouse in Toronto was the scene of the K.G.L.A. Annual meeting on Thurs. Nov 11. The president Mr. M.W. Sparling presided over the fast-paced and well-organized meeting. Over 70 cottagers attended. In a review of matters of concern to Lutterworth cottagers, Mr. Sparling pointed out that the local Lutterworth council actually has control over about 15,000 of approximately 250,000 revenue. Another point made by Mr. Sparling was concern over back lots being approved for sale on Bob Lake. This can only lead to overcrowding and extra pollution problems in Bob Lake and ultimately in Gull Lake.

The Haliburton Highlands Property Owners council was ably represented by Mr. Dougald Patterson who had a complete and well documented report on pollution in the Highlands in general which was enlarged on by Dr. Galbraith Williams who reported in detail on Gull Lake. In general, the waters of Gull Lake are very clear but constantly vigil is required to maintain these desirable levels of pollution.

The K.G.L.A. executive for 1971-72, nominated and elected at the meeting are: President, M.W. Sparling; Vice President, J. Latimer; Secretary Treasurer, D. Rea; Commodore, D. Forrest.

The evening closed after an interesting review of 35mm slides of Racketty Creek. Slides of the Regatta at University Bay and of the Gull Lake area were also shown along with a film by the National Film Board of Canada.

**LINDSAY PRESBYTERIAL
EXECUTIVE MEETING**

The executive of Lindsay Presbyterian United Church Women held their final meeting for 1971, at the United Church in Fenelon Falls on Monday, Nov. 8. There were 30 in attendance.

Mrs. Allen Bursey, President opened the morning session with a poem 'On Being Thankful' and prayer. Mrs. Claire Fielder, Secretary, read the minutes of the last meeting and the roll call. Mrs. Bursey read a 'Thank You' letter from Rev. Oake.

Presbyterial Officers giving reports were Mrs. Roy McMullen, Programme; Mrs. Ernest Steele, Christian and Missionary Education; Mrs. Deane Wellman, Leadership Development; Mrs. Bert Greenwood, Supply and Welfare; Mrs. Ron Pierce, Literature; Mrs. Walter Russel, Archives; Mrs. John Coburn, Treasurer; Mrs. Roy Hopkins, Nominations; Mrs. Don Hall, Press and Publicity.

Mrs. Hopkins reported 2 vacancies on the slate of officers for 1972. Programme secretary and Leadership Development chairman. Can you help? Please The Presidents of U.C.W.'s have been sent a newsletter. Please share the information in the letter with your members.

A card was signed by those present and sent to Mrs. B. Roeske. She is home from hospital and we wish her a speedy recovery.

The Annual Meeting of Lindsay Presbyterian U.C.W. is to be held at Oakwood on Jan 26. Rev. R. C. Plant, will be the guest speaker.

Mrs. Bursey opened the afternoon session by reading 'Happy Conduct'. Plans for the annual meeting were finalized and Mrs. Pierce showed an interesting film 'Sing the Glory of Africa'. This film is one of many available from Mrs. Earl Spence Cambray.

A TRIP INTO THE UNKNOWN

What might be Haliburton County's only Snowmobiling Safety Clinic for this winter will be held this Friday November 26, 8:00 p.m., at Haliburton Forest's Base Camp at Kennisis Lake. It promises to be an interesting evening. Even driving to Kennisis is a thrilling adventure. If it is snowing the Haliburton Forest Search and Rescue Patrol will be on hand to help you.

Experts will be present to answer your questions about Snowmobile Insurance and the newest regulations and laws governing the use of snowmobiles.

Leave home in plenty of time. Don't worry if you are pressed for time and miss your meal because coffee, bread cheese and butter tarts are on the house anyway.

ABOUT THE TOWN

With Jeanne Sears

Next weekend will be dedicated to the Grey Cup — with a Parade and the Final Game between Calgary Stampeders and Toronto Argonauts, all in Vancouver. Hope there isn't any fog such as there was on one other occasion for this event in that city.

Sincere sympathy to the families and friends of the late Phyllis Pearsell and Alex Cameron, residents at the Hyland Crest, who died last week.

Took a walk to the display at Campbell's Garden Centre one day last week; what a fine exhibit and full of ideas for those gifts for persons who seem to have everything, also for sick or shut-ins. Prices seemed reasonable as well and the mammoth flowers on a poinsetta, wonder if they grow this large in their natural environment.

Robert McCarey, son of Mr. and Mrs. L. McCarey graduated with his degree of B.A. at Waterloo Lutheran and is now Principal of Sunderland Public School and living near Cannington. Mr. and Mrs. L. McCarey were present at the ceremonies and went on to visit Mr. and Mrs. O. Figueiredo, their daughter of Binghamton N.Y. that weekend.

Congratulations to the newlyweds Mr. and Mrs. Donald Barry (nee Christena Precor) whose wedding was last Saturday.

Guest with Mr. and Mrs. Roodenburg the past several weeks was Miss Helen Roodenburg who came from the Netherlands and is employed at Stratford.

Patients at the local hospital on Monday included Diane Thomas, Kenneth Currie, Margaret Delorme, Mrs. Sheila Finlay and baby boy. Best wishes are sent to Gail Barnhart and Miss Charlotte Cooper who are in other hospitals.

At the Card Party at the home of Mrs. Wm. Cox, winners were for cribbage Duncan McLennan, and for euchre Audrey Piper, high and lone hand Pat Clarke and Hilda Harrison. After the games a delicious lunch was served by the hostess.

You will be receiving your Christmas Seals in the mail, with funds used for Crippled Children. What a fine way to help and brighten up mail or cards!

Just a month from this Thursday will be Christmas with all the gifts, and family get-togethers. Hardly seems possible. I just purchased one of those books of Hints and Recipes being sold by the L.O.B.A. Lots of good ideas and in a very smart book. Did you get yours yet, nice for an extra gift.

At the Mini Card Party at the Parish Hall last Thursday winners were for euchre Eleanor Walker and Della Griffin and for cribbage Martin Taylor and wouldn't you know, yours truly got a low. Lots of fun anyway and gives you a chance to have a break and visit with other card players.

Gets more like winter every day, with a little snow and Tuesday nearly down to zero. Guess snowmobilers can hardly wait for snow.

Cheerio until next week.

NOW HEAR THIS

by Lorna Rogers

It's Grey Cup time again! CBC Radio is nearing its fourth decade of broadcasting Canada's football classic. Last year over a million people heard the game on the CBC's English networks alone, and one in seven Canadians tuned to the game heard it on CBC Radio. The seasoned CBC sports crew covering the game at Vancouver's Empire Stadium Nov. 28 are Bob Picken, Fred Sgambati, Zeke O'Connor and Derek Donaldson. Approximately 104 English language stations plus over 200 repeater stations will carry the game in Canada. The Canadian Forces network and Radio Canada International will also carry the game, as will the French network.

Next month, several of Chaplin's film classics will be re-released across Canada. By pure coincidence, on Nov. 30 CBC Tuesday Night has scheduled A Tribute to Charlie Chaplin, the great film-maker and creator of the baggy-panted, bowler-hatted tramp who made millions laugh and cry. Now 82, and a legend in his own time, Chaplin recently attended the world premiere in Paris for the re-release of his films. Written and devised by film critic Gerald Pratley, the program contains reminiscences by people who knew him, among them John Grierson, founder of the National

Film Board, Mary Pickford and Harold Lloyd, as well as a portion of the ceremony at the Cannes Film Festival last May when Chaplin was awarded the commander of the French Legion of Honor.

What was it like to be a kitchen maid in the stately homes of England decades ago? Margaret Powell wrote a best-seller about her life called, appropriately, Below Stairs. Last Christmas she was heard on the Ideas series, The Victorians. Now her story has been dramatized by Marjorie Whitelaw who did the Ideas interview for CBC Radio. The Halifax production will be heard on CBC Stage, Nov. 27.

Another program from Halifax is slated for Between Ourselves Dec. 1. It tells the story of the Hudson, an oceanographic research vessel, operated by the Bedford Institute at Dartmouth, which was Canada's contribution to the Oceanographic Decade, an international study of the world's oceans between 1970 and 1980. The voyage of the Hudson was the first oceanographic expedition in history to circumnavigate North and South America to study the four bodies of water: Atlantic, Antarctic, Pacific and Arctic. The trip was 41,000 nautical miles and the ship went through the Northwest Passage en route. It left Halifax in November, 1969 and returned in October, 1970.

Interested in Earning More Money ?

If you are interested in working with high class livestock and you have a farm background, you may be eligible for special training at Kemptville College of Agricultural Technology under an ARDA - Canada Manpower Retraining Program. Successful graduates secure jobs in Southern Ontario that pay from \$300.00 to \$400.00 a month plus many other benefits.

Contact your closest office of the Ontario Department of Agriculture and Food for full information.

IS YOUR INSURANCE COMPLICATED ?

Not to us! We have a trained way of explaining in simple terms just where you stand on your general insurance. As local businessmen we understand your needs for protection of home, car, cottage and boats from fire and burglary, as well as special perils. Because of the rapid pace of business today it's difficult to keep up with new and better services. With this in mind, we have folders explaining many features and benefits on specific types of protection. Give us a call and we'll be

along to see you and uncomplimentate your General Insurance. You can depend on us, we are Independent Insurance Agents.
